To delete a multiscore report, go to the *Settings* tab and scroll to the bottom of the page. There's a red *Delete* button on the lower left corner of the page.

Description

Delete **Reset** **Clone** **Update**

If you click *Delete* you will see this modal:

Are you sure you want to delete this MultiScore?

Cancel **Delete**

Use the delete function with extreme caution. Deleted reports cannot be recovered, and deleting a report removes it for everyone, not just you.
