

# Deployments

11/13/2023 1:38 pm EST

To find out if a Question is currently Live (collecting responses) or if it has ever been Live, go to the Deployments section. You may reach it by clicking on the Question's text to go to the Question Results page, clicking on the *Settings* header about midway down the page, then selecting Deployments.

If the Question is currently Live, you'll see something similar to this:

**DEPLOYMENTS**

This question is being deployed to the following locations.

Segment	Quota	Target / Question Feed	Priority	
Everyone	-	Quarantine 2055 - General3	☆	×
Everyone	-	NPD ReceiptPal 30	☆	×
Everyone	-	Value	☆	×

As you can see, this Question is a Value Question that might be asked of any respondent.

If the Question isn't Live, you'll see this message:
