

# Segment permissions

09/05/2024 3:24 pm EDT

Segment permissions determine who can use those segments. They fall into three groups.

*Syndicated* segments belong to CivicScience. They are available for use by all accounts in the InsightStore.

*Shared* segments belong to CivicScience. They are shared with specific accounts in the InsightStore and may be used by any of those accounts.

*Custom* segments are specific to the account in which they are created.

Effective September 11, 2024, wherever you find segments, you will also find filters that allow you to select a segment category to search in. Whether you're applying a segment to a dashboard, using a segment as a column in a crosstab report, applying a segment to a question's results, or searching in the segments section itself, you will see the same filters.

The screenshot shows the top of the 'Segments' page. On the left, the word 'Segments' is displayed in a large, bold font. To its right is a blue button with a white plus sign and the text '+ Create'. Below the title, a short paragraph explains that a segment is a group of respondents defined by responses to questions and geographic location, and that segments can be combined. A link 'Learn more about segments.' is provided. Below the text is a search bar with the placeholder 'Enter search term' and a magnifying glass icon on the right. Underneath the search bar are four radio buttons: 'All' (selected), 'Syndicated', 'Custom', and 'Shared'.

This screenshot shows a 'Segments' filter widget. It has a title 'Segments' with a help icon. Below the title is a search bar with the placeholder 'Search Segments' and a dropdown arrow. Underneath the search bar are four radio buttons: 'All' (selected), 'Syndicated', 'Custom', and 'Shared'. At the bottom of the widget is another search bar with the placeholder 'Find and select segment...' and a dropdown arrow.

This screenshot shows a 'SEGMENTS' filter widget. It has a title 'SEGMENTS' in all caps. Below the title is a search bar with the placeholder 'Search Segments' and a dropdown arrow. Underneath the search bar are four radio buttons: 'All' (selected), 'Syndicated', 'Custom', and 'Shared'. At the bottom of the widget is another search bar with the placeholder 'Find and select segment...' and a dropdown arrow.

This screenshot shows a filter widget with three tabs: 'Questions', 'Segments' (selected), and 'MultiScores'. Below the tabs is a search bar with the placeholder 'Enter search term' and a magnifying glass icon on the right. Underneath the search bar are four radio buttons: 'All' (selected), 'Syndicated', 'Custom', and 'Shared'.
