Pinned questions

03/26/2025 12:18 pm EDT

Pinning a question ensures that it is the first news or pop culture question seen by any respondent who visits a particular target.

This tab shows you which (if any) questions are pinned to this page. If a question is pinned, its text is shown with a link to its page in the InsightStore. The date it was pinned is also displayed.

You can end collection using the *Stop* button.
