Using question assets

08/12/2025 9:39 am EDT

To use a question's assets, navigate to the question's *Settings > Assets* tab.

To use a QR code or image, click its *Download* link.

If you want to link to the asset, click its *Copy* link. The HTML code will be copied to your clipboard.

Here is the HTML code for the QR code from QID 1007536's assets.

```
<a href=""true" href="https://hub.civicscience.com/polls?civicscience-widget-question=1007536">https://hub.civicscience.com/polls?civicscience-widget-question=1007536"><img src=""true" href="https://assets.civicscience.com/radio_1007536_basic_20250729_144453.png">https://assets.civicscience.com/radio_1007536_basic_20250729_144453.png" alt="How concerned are you, if at all, about the current state of the US economy?"/></a>
```
